2009 Ashes Cricket Packages

England & Wales - Early Release Preliminary Packages

Join Total Sports Travel in the UK for the long awaited Ashes Series against the old enemy England. Australia held the small urn for 18 years before England, against all odds, wrestled it back in 2005. Australia famously restored the urn to its rightful owners with a series whitewash at home in 2006/07. Can Ricky Ponting's men retain cricket's most coveted prize in a new era without the greats of the game in Warne, McGrath and Gilchrist? Be there in Cardiff for the first ball of this historic series with Total Sports Travel.
